Dear Ms. Carlson:

Thank you for notifying the Benton-Franklin Council of Governments regarding People for People's application to the Washington State Department of Transportation Consolidated Grant Process for three special needs-related projects: Yakima County Preservation of Rural Special Needs Transportation; Yakima County Preservation of Mobility Management; and Yakima County Replacement Vehicles to Sustain Special Needs Transportation. These three projects combine to help form a critical link for special needs individuals to access human services.

The Benton-Franklin Council of Governments is in the process of completing the 2014 Coordinated Public Transit Human Services Transportation Plan for Benton and Franklin Counties. Development of the Plan has utilized coordination with local and regional partners to emphasize and increase recognition of the importance of transportation services to all segments of our communities.

Please accept this letter as acknowledgement from the Benton-Franklin RTPO that you have notified us as of your application.

Sincerely,
